CAMPUS

This campus and its buildings have survived for 172 years. It is a blend of the old and the new. Some buildings have been named after past contributors to the school, others have been named for traditions dating back to the days of dress codes, curfews, and single-sex dorms. This campus has grown from a few buildings scattered on farmland into a thriving college community consisting of 14 lecture halls on 385 acres of land. 95 acres make up North Campus and 290 make up South. One can only wonder how all of this will change in another 172 years.

CAMPUS

Life at West Chester used to mean living in a college dorm, being in those dorms by 10:00 pm and not being allowed to mingle with the opposite sex. Times change and rules change. Today students live in many different places, with many different lifestyles. Some of us live in dorms, some off-campus, and others choose to stay home and commute. Some of the places we live in are small and neat, others are large and messy; some of us live a quite life, others noisy and crowded. No matter how we live or where, we are all members of the community of West Chester and will be part of it forever. Good memories never fade. And aren't you glad we can mingle today?

PARENT'S DAY

Parent's Day gave moms and dads the chance to see the campus and meet the administration first hand. The day began at Sykes where different groups and departments had displays. The rainy day and a loss to Millersville in football were disappointments, but spirits were picked up by a student talent show and a special dinner for parents and students. The highlight of the day was being served coffee by President Dr. Ken Perrin as the guests waited for dinner.

CONVOCATION CEREMONIES

Proclamation ceremonies were held in the Quad where the carillon and "University Ave." were accepted by the University.

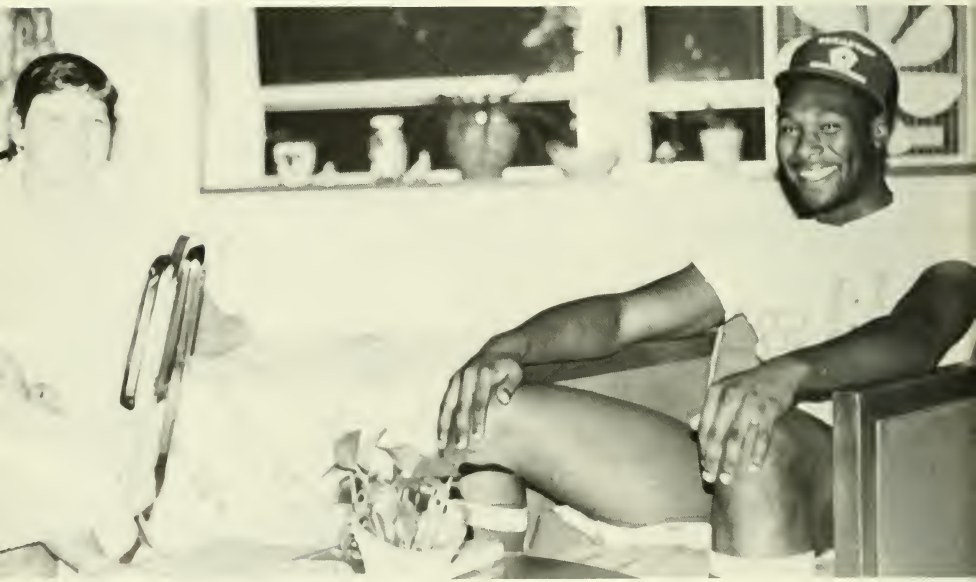
University officials cut and serve a 10-foot-long "University" cake.

Convocation ceremonies were held in October to celebrate the change from WC State College to West Chester University. Highlights of the celebration included the dedication of the monument on the corner of High and Rosedale avenues, the burial of the student time capsule to be opened in 25 years, and the dedication of the carillon located in Anderson Hall which rings every hour.

KILLINGER

Killinger Hall, once the all male dorm, is now an honors dorm with 24 hour quiet hours.



WAYNE

Wayne Hall is a nine floor co-ed dorm. Its south side faces Rosedale Ave. while the north side residents enjoy the view of the intramural field and the three north-side dorms.

SCHMIDT

Schmidt is the newest dorm at West Chester. It is the only all female dorm on campus.

SANDERSON

Sanderson, once an all female dorm changed to co-ed in 1982 with two all male floors. It is well known for having the worst elevators service on campus.

GOSHEN

Goshen is the first of the triple towers on the north side of campus. The main advantage of this dorm is its extensive "front yard" used as baseball, football, ultimate frisbee field, beach and snowball fight battle field.

RAMSEY

Ramsey is a co-ed dorm, one of the three located on Sharpless Street.

McCARTHY

McCarthy, one of the quietest dorms on Sharpless Street, began in 1983 to house student teachers, honor students, and the national student exchange program.

Off Campus

OFF CAMPUS

Frustrated with the limitations of dorm life, fed-up with squealing freshmen and sick from caf food, or maybe the desire for "independence", many students choose to live "off-campus". The neighborhoods near the University are the homes for hundreds of college students. Houses have taken on names, Yoder House, Football House, Huey House, and many have been designated as "party houses". Surrounding apartment complexes have been virtually taken over by students — Franklin Court and the off-campus party center, Ramsgate. Living off campus a student can gain independence and skills — cooking, cleaning. No more collect calls home, the phone is in your name now. . . independence!

Commuters are a special breed of people. Among other things they must be patient: when following someone going 25mph when they are 5 miles from campus a minute before class; they must be devious: knowing where the last open legal parking place is and how to get to it first. They are also tolerant: traveling to and from bus and train stations through rain and snow — over those rickety brick sidewalks, just to make class on time . . . a special WC student.

INFO

SYKES STUDENT UNION

This building serves many functions for West Chester students. It is a place for commuters to study and rest. It also supplies many forms of entertainment with a TV room, game room, and the new video den. Students may also relax with a meal from the deli, or with munchies from the Sweet Shop. The second floor of Sykes is the location for the offices of the student affairs division of the college. The newest addition to Sykes Student Union is Cheers II, the non-alcoholic bar. And, of course, all students are familiar with the IGA book store. This facility not only provides students with text books, but also with personal supplies, food, clothes, cards and gifts. Another common memory of Sykes will probably be the line of Friday afternoon to cash checks for the weekend.

Accent

Above Old Library there is a saying, "A true University is a collection of books". If this is true, and it must be, then all accumulative knowledge which is needed to help us through our college career is located in the Francis Harvey Green Library. Other than the large selection of books, the library also stocks a large government document section, as well as available audio visual equipment, and a special collections room which relates the history of the college and the achievements of its members.

LAWRENCE

Known fondly to WC students as the "Caf", Lawrence center is famous for its questionable edibles, "pleasant" atmosphere and "friendly" service. More realistically it is known as the dinner-hour place for socializing and scoping.

Hardies, "food above the caf", offers a place to eat and relax for commuters, faculty, visitors, and all WC students.

The Post Office on the 2nd floor of Lawrence offers services to all of WC campus.

EHINGER GYM

Ehinger gym, another of WC's aging buildings, underwent repair throughout the year. Before South campus was constructed Ehinger was used for sport activities and gym classes. Until its closing for repair it continued to be in constant use for many intramural sport events.

HOLLINGER FIELD HOUSE

Hollinger Field House is the large athletic facility located on north campus. It includes a weight room, boxing ring, courts and an indoor track and pool. West Chester's basketball and track teams have succeeded in many victories in this building.

OLD LIBRARY

The Old Library was the "new" library of West Chester until 1966. Its marble pillars and walls of literature have been converted to accomodate the many offices and classrooms located within. Along with the duplicating center and EMS, the Sociology/Anthropology departments are located here. It is another of the buildings on the Register of Historic Places.

SCHMUCKER

Schmucker Science Center houses all of the sciences of WC, along with their many museums and special equipment. The familiar BIO loo and memorizing atomic tables, Geology and examining rocks, and the observatory for Astronomy are all located in these buildings.

PHILIPS

On March 11, the day George Philips died in 1920, the building is known to smell of roses, even 57 years later. This gothic structure holds many offices, such as the President, Provost, and business offices. Located also in this building is Philips Library; with its domed, sculptured ceiling, book-lined walls, and red velvet decor, it is a familiar meeting place for honor society ceremonies, seminars, conferences and faculty activities. Philips auditorium is used for the Friday Night Movie, theatre and dance productions, concerts, lectures and special events such as December graduation and this year's Convocation ceremonies.

NEW MAIN HALL

New Main Hall stands today where Old Main, a female dormatory from 1871 to 1971 once stood. Within its walls are the Foreign Language, Philosophy, English, Speech Communication/Theatre and History departments. New Main auditorium is used weekly for the "Free Wednesday Night Movie" and daily for classes, special lectures and seminars.

LRC

The Learning Resource Center, on the corner of Rosedale and High Streets, houses a variety of different services offered to West Chester students. It is frequented by students using the computers, by students and visitors to see performances in the Turk's Head Theatre, and by the hundreds of students each semester to see the registrar and accounts payable offices. The lines for drop/add are known to run the length of the building, both inside and out. And, of course, anxious seniors flow, fingers crossed, to the graduation office.

RESITATION

The first of the buildings to undergo renovations, Resitation was closed for the majority of the '84 school year. The serpentine stone structure, which houses the nursing and tutorial departments, is one of West Chester's buildings on the National Register of Historic Places.

ANDERSON

Anderson Hall may be an old structure itself, but its halls are filled with new technology. From the ground to the top floors computers are located throughout. The classes are filled with eager Business, Mathematic, Education, Economic and Psychology students striving for their competitive degrees.

RUBY JONES

Until 1968 Ruby Jones was used as the "demonstration school" where local children would attend classes taught by WC student teachers. Today the 85 year old building is the location for the Geography and Planning, Political Science, and Criminal Justice departments.

SPECIAL EDUCATION

The Special Education building is a small structure tucked between Ehinger and Schmucker. In this building WC's Special Education students, still a popular major, have their classes and activities.

SWOPE

The halls of this academic building are filled with the sounds of busy classwork — not the 3R's, but with music. Swope Hall, named after past WC president Charles Swope, was built in 1960. The two level building is the home of WC's famed Music department. It also includes an auditorium where performances by faculty and students are held numerous times every week. This year Swope was also the stage for a number of outside greats, such as Buddy Rich and violinist Frances Fortier.

MITCHELL

One of the newest academic buildings, this hall houses the art department. Its walls and galleries are adorned with art work of known artists and the work of West Chester students.

SOUTH

South Campus provides facilities for the needs of many students. Other than the huge Health and Physical Education Center which houses, among other things, swimming pools, weight rooms, gyms, and classrooms; there is also Farrel Stadium where many fans have cheered on various sports teams to victory. South campus also has many tennis courts, baseball fields and soccer fields, and a large natural wildlife preserve.

THE BAR

Because the drinking age in PA is 21 many of us were legally limited to our choice of social hot-spots until junior or senior year. Ah but then . . . The Rat was usually first choice — walking distance and a good crowd. The Rat featured Monday night football specials (even off-season), a relaxing atmosphere Tuesday and Wednesday nights for an after-night class-cocktail, and the traditional WC weekend bash beginning Thursday night. We'll remember the Rat too for their pizza and other snacks, senior parties, and opening at 7am on graduation morning to help us celebrate. We of course share many memories, specials and celebrations with the other establishments shown on these pages: dance parties at the Caberet, big-screen sports at the Courtyard, and bargain prices at Jakes. We all share memories and within the walls of these places will remain a part of the Class of '84.

SPRING WEEKEND

Once again the Program Board and IGA provided us with a fun-filled Spring Weekend. Activities included Casino Night in Sykes, bringing Atlantic City a little closer to home, competition between dorms in Almost Anything Goes Games, and the outdoor picnic and concert. For the second year in a row the weekend started out with some excitement, last year a fire in Lawrence, this year in Killinger. Despite the bad start Spring Weekend was again great fun!!

HOMECOMING

West Chester's first "University" Homecoming was celebrated October 15 with the return of alumni and a victory over Shippensburg. The parade, beginning at Lawrence center went through town and concluded in South Campus. On the float division, Ramsey Hall captured first place, TKE rock-n-rolled into second, and Tyson & McCarthy collaborated to capture third. Bob Lewis, from TKE and Carol Scomillio, from Alpha Sigma Tau were voted Homecoming King and Queen.

The first, big special event that took place at West Chester was probably a snowfall followed by the first day of Spring. A lot has changed since then. Today special events are the norm. We have seen concerts, both rock and classical, met the famous and the near famous. This year we have had the honor and privilege of seeing a college become a University and a man become its President. We have been taught, entertained and have joined in the fun. If there can be one thing said for every event at West Chester University, it is that they are indeed special . . . things that we remember always are.

It is hard to say when the first "club" started at what is today West Chester University. It must have been when a few people got together and did something that each would not do alone. Every club, and every activity is an essential part of the life at West Chester. Clubs for literature, physical education and many more, fraternities and sororities, faculty committees to meet new people, and to learn outside of the classroom. These groups have touched all of those at West Chester and this touch will go on long after graduation.

CHAMBER CHOIR

The West Chester University Chamber Choir is directed by Jane Sheppard, Associate Professor in the Vocal Choral Department of the School of Music. The Chamber Choir consists of 25 members who are chosen by audition. They specialize in singing music of the Renaissance and Baroque periods. In December of '83 the Choir produced its fifth annual Old English Christmas Madrigal Feaste at Newman Center, and again in January at the Historic Strasburg Inn. The Choir performs at various clubs and churches, tours for a week in March and presents the annual Spring Concert in April.

Residence Assistance, Desk Assistance and Residence Directors play an important part in the lives of those of us who spent any time in a dorm — whether we want to admit it or not. Room assignments, room changes, and those ever-so-popular special activities are some of the responsibilities of these people. They are students "on-duty" 24-hours, ready for a crisis. They have acted as mediators, referees, moms and dads, sisters and brothers, reprimanders, problem solvers, and, as our friends.

The Emergency Medical Services works in conjunction with the University Police Department; the purpose of EMS is to provide immediate, quality emergency care to anyone on the University who suddenly becomes sick or injured. This service is provided 24 hours a day, 7 days a week during the University's school year. This year the EMS has incorporated a Quick Response Vehicle into their system to provide an even better service. EMS also provides an opportunity for first aid and CPR training. The training levels of our members include: American Red Cross Advanced First Aid and Cardiopulmonary Resuscitation, PA. Emergency Medical Technician,and PA. Paramedic Certification.

SOCIAL WELFARE CLUB

Social Welfare Club is an organization consisting mostly of Social Welfare majors. The club offers their services to the surrounding social service agencies and explores the various fields and opportunities in social work.

Sports have always been a major part of West Chester. In 1834 West Chester was one of the first schools in the country to have a modern gymnasium and our indoor track was one of the largest in the United States. Also in 1834 the first baseball field was built where Schmucker Science Center stands today. Ever since then the various sport teams have thrilled us, once in a great while failed us, and always made us proud of the sport teams of West Chester University.

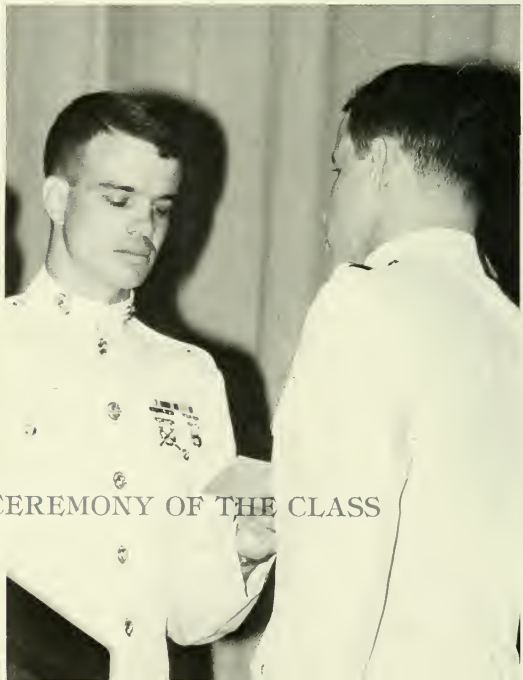
West Chester, hail, all hail, noble and strong,
To thee we loyal [illegible] we raise our song,
Swelling [illegible] heaven [illegible] our praises ring,

Majesty and crown [illegible] thy brow,
Pride, honor, glory, [illegible] before thee bow,
Never can thy spirit die, [illegible] walls decay
West Chester, hail, all hail, for thee we pray.

West Chester, hail, all hail, guide of our youth
Lead thou thy children on to light and truth.
Thee, when death summons us, others shall praise,
West Chester, hail, all hail, through endless days.



GRADUATION CEREMONY OF THE CLASS

Graduation ceremonies were held in Philips Memorial Hall once again due to bad weather. Many faculty members, along with administration wore academic robes as the procession filled the auditorium. During the ceremony degrees were presented and conferred, Marine and ROTC trainees were commissioned. Speeches were made by James Brett Taylor on behalf of the Baccalaureate candidates and by IGA President James Catanese.

The keynote speaker for the 1984 Graduation Ceremonies was Shirley Chisholm. Ms. Chisholm is a well-known author and is politically active. While serving on the House of Representatives she was both the only woman and the only black to sit on the House of Rule Committee.

When the school was known as West Chester Normal School it had a total faculty of 16. How that number has grown. Today 450 faculty members continue the work of those 16, the work of teaching and running the various operations of the University. These men and women have used their knowledge to expand ours, they help us to learn and to grow and to fulfill our dreams.

WOMEN'S CENTER

The first Women's Center in the PA State College system began here at West Chester University in September 1974. It was founded by a group of returning women students. The purpose of the Women's Center is to serve the special needs of the woman student whether she is a nontraditional or traditional student.

COUNSELING CENTER

The Counseling Center provides counseling services to all West Chester students. The faculty provides services for a wide range of concerns which may include, helping a student to clarify vocational or educational choices, improve interpersonal skills or resolve personal conflicts.

We use this book as a representation of our senior year at West Chester. It illustrates only part of 1983-84, but we attempted and we hope that it is a fair representation of everyone's memories. No one person is responsible for any part of this book. The work was completed through the cooperation of many people and could not have been completed without them — unfortunately, these people often go unnoticed. I would like to take this opportunity to notice and to thank them.

Thank you, to all who worked on the staff during the year, and to Dr. Robert Weiss, for your commitment to the book. To clubs, teams and organizations, for the cooperation given throughout the year, especially to the Program Board and to the Quad. Thank you, Mr. Nevin Morris for your assistance with the sports section. And to my tolerant friends and family for listening and for caring.

Most of all, thank you to the many people at Nichols Assoc. Inc. — George and Dian, for having the confidence in me that I did not.

Thanks to all, to West Chester ...
